RE: Request for Easement

Dear Sir or Madam:

I purchased two pieces of property, a seasonal camp (5526 N. Shore Road) and a vacant parcel (5525 N. Shore Road). My intention is to install a new engineered septic system on 5525 N. Shore Road. I would also like to supply 5525 N. Shore Road with my current water source located at 5525 N. Shore Road. This would involve driving under N. Shore Road at two locations (see diagram). I would like the Town to grant me two separate easements. Each easement would be 5' wide. I appreciate your consideration.

Thank you,

Jeff Petroski
